

**“Getting on Track with Handwriting” Mini Day Program  
during September School Holidays 2006**

**Class I: 6<sup>th</sup> September 2006, Wednesday – 10.30am to 12noon**

**Class II: 7<sup>th</sup> September 2006, Thursday – 10.30am to 12noon**

**@ Ovspring - [www.ovspring.com](http://www.ovspring.com)**

**What?**

This **Handwriting Mini Clinic** helps children getting into a positive attitude toward handwriting. This mini day program is filled with activities and strategies to help primary school children get on with a can-do attitude toward handwriting - a skill which many have received little positive feedback.

Children will learn multi-sensory activities, in a fun and engaging manner, to improve postural control, upper body strength and stability, fine motor skills and manipulation, visual perceptual skills, and eye-hand coordination. All of which are necessary for handwriting.

Practical strategies will also be taught using a cognitive approach and learners will be able to put these strategies into practice in the classroom when they get back to school.

To assist our occupational therapists to tailor the sessions, parents are requested to answer some questions via **Screening Questionnaires** upon enrolment.

**Whom?**

This mini day program is tailored for early primary school children with or without learning difficulties, who need some help with getting on track with handwriting. Group Size is limited to ensure individualized attention. The group is run by Ovspring's Occupational Therapists.

**When?**

Two sessions will be held on 6<sup>th</sup> September, Wednesday and 7<sup>th</sup> September, Thursday on 10.30am to 12.00pm. Parents may sign their child up for **either one of the classes**.

At #03-04 Ovspring Developmental Clinic. The program will be held in a variety of settings including multi-sensory gym, table and group work areas.

**Cost?** The cost for the mini day Handwriting clinic with our occupational therapists will be \$95 nett per child, inclusive workshop materials, light snacks & refreshments for the child as well as Take Home Handwriting Toolkit.

**Transport for the return journey can be arranged at a cost of \$12 one way.**
